1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

II. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the SUPERINTENDENT OF DOCUMENTS by postal money order, express order, or New York draft.

In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

[Caricatures.]

Smile and bear it when you have a load.

Smile and never let the sun set on your troubles.

Smile and the world smiles with you.

Smile as soon as you get up.

Smile at a dime.

Smile at a dog and he'll come to you.

Smile at hard luck.

Smile at her if she says no.

Smile at the past and you can grin at the future.

Smile at the ups and downs of life.

Smile at the wolf and your teeth will scare him away.

Smile every time you get the chance.

Smile every time you think of it.

Smile, giggle and git there.

Smile if it kills you.

Smile if you're thin.

Smile in the rain.

Smile is the "Open Sesame."

Smile through life.

Smile when you are awake.

Smile when you are mad.

Smile when you fail and you'll die laughing at your success.

Smile while you can.

Smile while you wait.

1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

WASHINGTON

GOVERNMENT PRINTING OFFICE

1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

NEW SERIES, VOLUME 5

Nos. 22–26

JUNE, 1910

WASHINGTON
GOVERNMENT PRINTING OFFICE
1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

WASHINGTON

GOVERNMENT PRINTING OFFICE

1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictoral illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictoral illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictoral contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

NEW SERIES, VOLUME 5

Nos. 31–34

AUGUST, 1910

WASHINGTON

GOVERNMENT PRINTING OFFICE

1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part four, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictoral illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictoral illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictoral contributions to periodicals, only 1 copy of the pictoral contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part four, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part four, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part four, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

An annual index of proprietors is furnished for this part in the December issue. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The final number completing this volume will have an index with references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is $0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

Note.—In order to bring all the registrations during 1910 for copyright protection in classes G, H-K, within the volume for that year, the issue for nos. 51, 52 will not appear until early in January, 1911.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.
